OUTDOOR DECOR

A STYLE CULTIVATED WITH PASSION

The colours, smells and sounds of a Ibicencan citrus grove, between majestic Es Vedra and the crystal clear sea. Light and shadow effects, alternating thousand-year old cultures and everyday rituals, natural microcosms and rural architecture. This is one of the magical, engaging scenarios in the collection from Go Plus: the Ibicencan outdoor decor brand, which came about as the result of an intense passion for nature and has become a successful international business.

UN ESTILO CULTIVADO CON PASION

Los colores, los olores y los sonidos de una plantación de cítricos de Ibiza, entre la majestuosa Es Vedra y el mar de aguas cristalinas. Efectos de luz y sombra, alternando las culturas milenarias y rituales cotidianos, microcosmos naturales y la arquitectura rural. Este es uno de los escenarios mágicos, que participan en la recogida de Go Plus: la marca Ibicenca de decoración al aire libre, que se produjo como resultado de una intensa pasión por la naturaleza y se ha convertido en un negocio internacional de éxito.

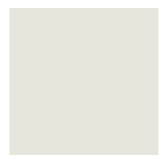

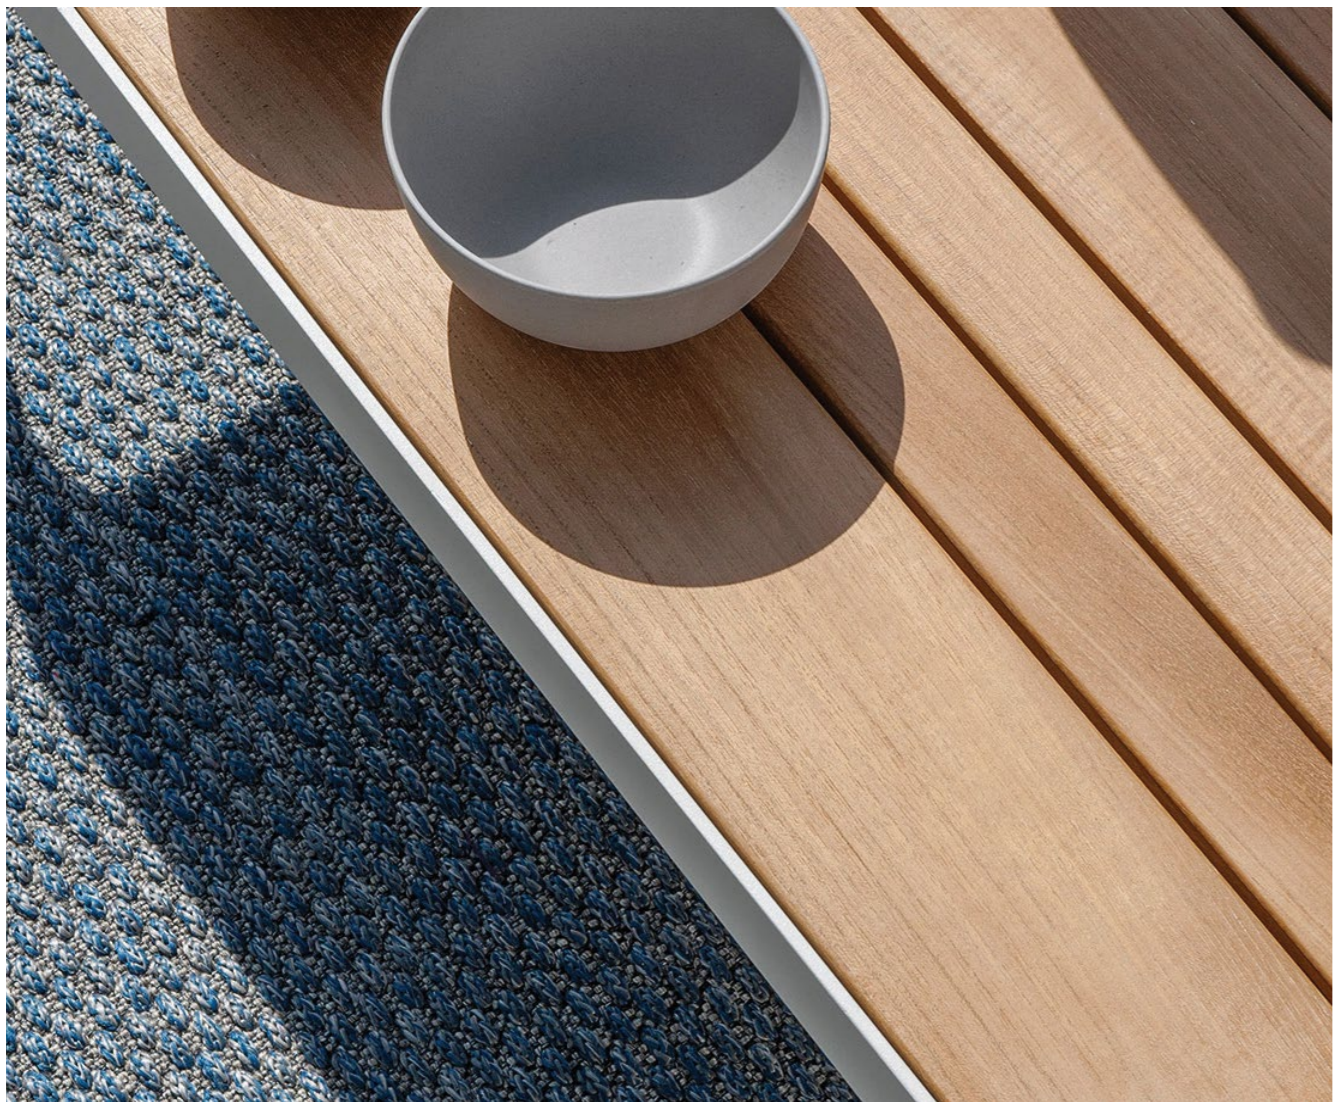

A UNIQUE OUTDOOR EXPERIENCE

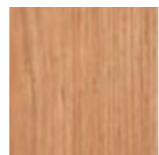

The Go Plus collection expresses an original philosophy of outdoor life, where material emotions, painstaking craftsmanship, original creativity and continuous innovation come together. In 2016 will be expanded with further elements for an even more chic and complete outdoor environment.

La colección Go Plus expresa una filosofía de vida exterior original, donde las emociones, materiales, la artesanía minuciosa, creatividad y continua innovación se unen. En el año 2016 se ampliará con elementos adicionales para un ambiente exterior aún más elegante y completo.

A NATURAL, EXCLUSIVE LIFESTYLE.

Go Plus has developed a concept of continuity between interior space, exterior architecture and the natural landscape, expressed through an in-depth study of shapes, materials and colours.

The grey of the igneous soil, the orange of the citrus groves and the red of the ground in the fields, the woven fibres, the material presence of metal and terracotta, composing decor solutions in perfect, sophisticated harmony with nature. In a private garden, an exclusive country hotel or an elegant resort, Go Plus increasingly symbolises Ibizcan style in outdoor decor.

Go Plus ha desarrollado un concepto de continuidad entre el espacio interior, la arquitectura exterior y el paisaje natural, expresada a través de un estudio en profundidad de las formas, materiales y colores.

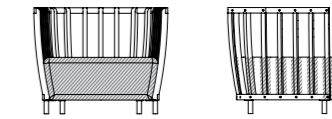

El gris del suelo ígneo, el naranja de las plantaciones de cítricos y el rojo de la tierra en los campos, la fibras tejidas, el material presente de metal y terracota, que componen las soluciones de decoración en perfecta armonía sofisticada con la naturaleza. En un jardín privado, un hotel exclusivo o un elegante complejo, Go Plus cada vez simboliza estilo ibicenco en la decoración al aire libre.
